

NABCA

National Association of Branch Campus Administrators

The National Association of Branch Campus Administrators (NABCA) is a professional organization committed to supporting the mission and goals of higher education professionals.

NABCA members range from campus centers with a population of 50 students to larger campus communities with 15,000 students, but the challenges are the same: from implementing academic programs, campus safety, maintenance, student success initiatives and commencement celebrations.

Established in 1997 as the Western Association of Branch Campus Administrators, the name was changed in 2004 to represent the growing national focus. NABCA encourages the participation of Members and others who are interested in branch, regional, or satellite campus issues.

Committees

Only NABCA Members in good standing are eligible to participate on standing committees. Most Standing Committees meet on a monthly basis using Zoom.

Committees include:

Executive Committee, Finance Committee, Conference Committee, Membership Committee, Research Committee & Partnerships Committee.

Executive Committee

NABCA is governed by an Executive Committee elected by and from the membership. Members of the Executive Committee must be NABCA members in good standing for at least two years before election or appointment. The Committee is responsible for conducting all business, strategic planning implementation, and operations during the fiscal year (July 1 – June 30).

Mission, Vision, Purpose

The National Association of Branch Campus Administrators is committed to providing resources for the improvement of leadership, teaching, and research.

The National Association of Branch Campus Administrators strives to be an internationally recognized professional association of branch, regional, center, and satellite location administrators and stakeholders.

The National Association of Branch Campus Administrators supports remote location administrators and stakeholders in domestic and international higher education by:

- Providing a place or medium where interests, ideas, and views of our Members can be exchanged, and;
- Providing value for our Members through professional development, research, networking, support, and advocacy.

NABCA Member Comments

"What I liked most about the Conference was getting to know my colleagues face similar situations and challenges as we do and some of their strategies to meet these challenges."
